The little black and
brown pigs were fast
and got away. But not
the yellow pig! She
was so big and fat
that the dog got her.
"Help me! Help me!"
she grunted. "No,"
said the little pigs.
"You got all the milk,
now you can have the
dog, too."

THE FAT PIG

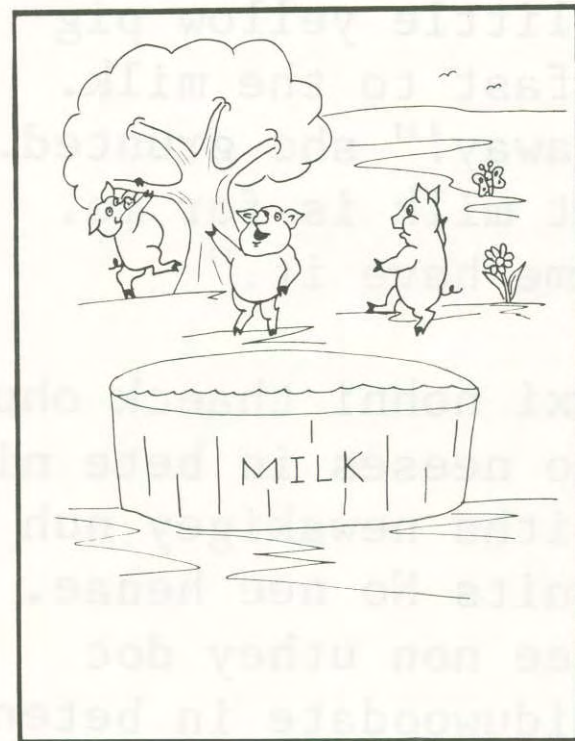

All the little pigs had
milk put out for them in
a big pan. They all ran
to get the milk.
